HYDRAULIC 2-POST LIFT

POWER LIFT SLH

ONE LIFT. ENDLESS POSSIBILITIES.

THE NEW GENERATION OF SMART LIFTS

- ✓ Best in market pick-up area and arm range for full flexibility and EV compatibility
- ✓ Space-saving design based on SMART LIFT Series. Up to 10% more space compared to other manufacturers
- ✓ Up to 50% less installation time due to pre-assembly and the patent pending Quick-traverse
- ✓ Fine adjustable pick-up pads with additional instant-adjust (patent pending)
- ✓ CE-Stop preinstalled in all versions, no hang-in foot protectors needed

3500 KG | 4600 KG | 5500 KG

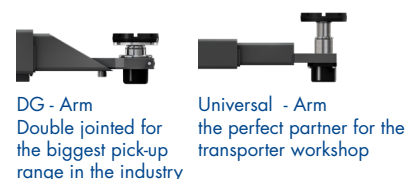

## HYDRAULIC 2-POST LIFT

# POWER LIFT SLH

## Space saving, flexible and fully customizable

Fast lifting and lowering times, mechanical safety ratchets, mechanical synchronization, high productivity, intelligent features and life cycles up to 30 years: It is not without reason that Nussbaum lifts are among the world's leading equipment in automotive workshops. The POWER LIFT SLH is the perfect combination of robustness, premium hydraulics and mechanical safety while having industry leading pick-up possibilities. German quality at the service of your workshop.

### 5500 KG

**DG - Arm**  
Double jointed for the biggest pick-up range in the industry

**Universal - Arm**  
the perfect partner for the transporter workshop

### 4600 KG

**Universal - Arm**  
the Allrounder for cars and transporters

### OTTO 3500 KG

**Otto - Arm**  
perfect combination of double jointed and double telescopic arms

**Otto MM - Arm**  
Additional comfort with Mini-Max Arms

**Otto VT - Arm**  
High end, quick adjustable pick-up pads for very narrow spots especially for battery disassembly

### 3500 KG

**DT - Arm**  
short arm has 3 stages

**MM - Arm**  
Ideal for deep drawn side skirt or off-road vehicles

**SC - Arm**  
Extremely flat construction

**EV - Arm**  
more flexibility for Electric Vehicles

## ACCESSORIES

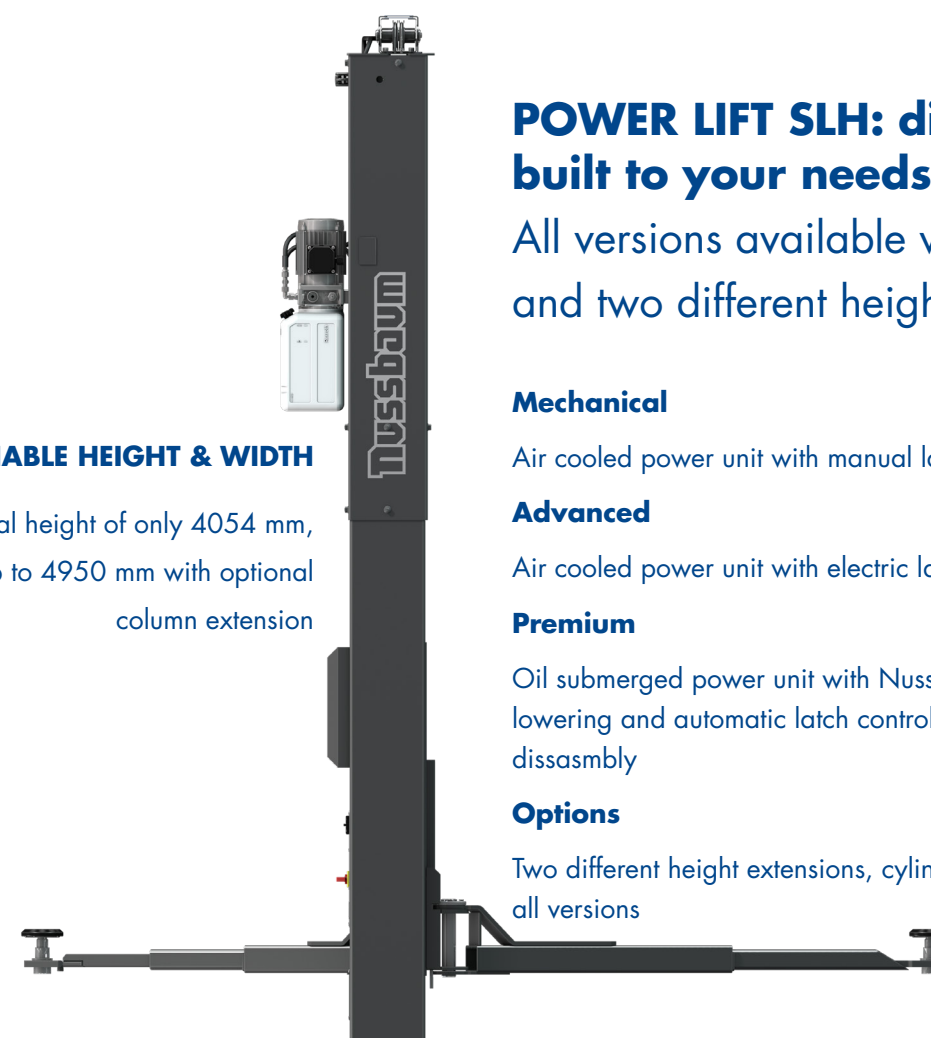

Wheel-fork adapter for SLH 5500

Mini-Max adapter for SLH 5500, Capacity 4200 kg

Full range of plug in adapters available  
The perfect match for every gasoline, hybrid or fully electric vehicle

## VARIABLE HEIGHT & WIDTH

Minimal height of only 4054 mm,  
up to 4950 mm with optional  
column extension

## POWER LIFT SLH: different versions built to your needs

All versions available with full range of arms and two different height extensions

### Mechanical

Air cooled power unit with manual latch control

### Advanced

Air cooled power unit with electric latch control

### Premium

Oil submerged power unit with Nussbaum Commander for precise lowering and automatic latch control. Specifically designed for battery disassembly

### Options

Two different height extensions, cylinder covers and E-set available for all versions

## Thoughtful design

- ✓ No floor connections
- ✓ Manual or electric latch control available
- ✓ Parking position for comfortable working
- ✓ Two height extensions available
- ✓ Optional cylinder Cover available
- ✓ Door protection on columns
- ✓ Compressed air and power connection (220 V) integrated in column available
- ✓ Oil submerged motor available: Durable and quiet, constant oil viscosity and therefore constant running speed - even at cold temperatures

## Precise control

- ✓ Smooth, sensitive lowering in the mm range thanks to Optional NUSSBAUM Commander
- ✓ No lifting before lowering necessary with optional automatic latch control
